

NAME: Herlinda Chico

OCCUPATION: President, Long Beach City College

The newly re-drawn 4th District deserves a Councilmember prepared to address our neighborhoods' complex issues. Our community requires a leader who will passionately champion our quality of life and actively engage in addressing the unique needs we face. With a career dedicated to bringing people together and implementing effective solutions, I am fully prepared to shoulder this responsibility.

As your Long Beach City College Trustee, I helped bring in over \$30 Million, created new academic pathways for students, and helped Long Beach City College be named one of the Best Colleges in California. In my role as your Councilmember, my focus will be on critical areas such as bolstering public safety to curtail crime, protecting open spaces, and activating our parks for the collective benefit of residents. Additionally, I am committed to implementing compassionate measures to tackle the growing challenge of homelessness within our district.

My strong record of being a collaborative and solutions-driven leader is why my campaign is endorsed by Congressmembers Robert Garcia and Alan Lowenthal, Senator Lena Gonzalez, Assemblymember Josh Lowenthal, the LA County Federation of Labor, and over 100 community leaders in Long Beach.

I look forward to earning your vote on March 5, 2024, as we work together toward a brighter future. For more information about our campaign, please visit www.HerlindaChico.com.
